**I understand** that this is a secondary dispatch service through Caroline County Communications and is subject to the County transmitting data through privately owned systems. These systems can be subject to delays and network problems; Caroline County makes no guarantees to the timely delivery of these messages. Registrants should NOT call the Communications Center to report delays or problems with text messages. General problems with messages should be reported to the chief officer of your agency.

**I understand** that there may be charges associated with text or data messages from my wireless carrier. The registrant is responsible for any text messaging charges. Please contact your carrier for information on text charges.

**I understand** that these dispatch messages are intended for currently active Fire and Rescue personnel only. Messages may not be redistributed without the permission of the Fire – EMS Chief. Should I cease to remain an active member, message services to my device will be deactivated. No refunds of paid subscriptions will be given.

**I understand** that the *Active911* service charges a yearly subscription fee and that Caroline Fire and Rescue will cover the cost of one device for volunteer Captains, Assistant District Chiefs, and District Chiefs. All other volunteer staff shall be responsible for their own subscription payments. Currently these fees are \$12 per year.
