

Special EMS Stand-By Program

Caroline County Department of Fire-Rescue (CCFR) understands the importance of providing EMS services during special events or community programs. The enclosed Special EMS Service Agreement must be utilized in order to arrange any special EMS coverage by Caroline County Fire-Rescue units and personnel.

Special EMS Services differ depending on the organization requesting (government vs. business vs. nonprofit) services. The contents of the enclosed agreement should be carefully reviewed and completed depending on the nature of your event and hosting organization.

In order for any organization or governmental entity to request special standby services from CCFR, the enclosed agreement must be requested, completed, signed and returned to CCFR at least 96 hours prior to start of any single occurring special event. Extended events, multi-day events, or large events requiring special EMS services beyond one ambulance should be arranged and this agreement returned to CCFR at least ten (10) days prior to the start of the event.

Although CCFR will make every effort to provide the level of service requested, no specific level of service or coverage can be guaranteed due to the nature of EMS services and the fact that the first priority of EMS is always response to 911 calls made by Caroline County Citizens. Please read the enclosed agreement carefully for details.

CCFR always seeks to provide the best EMS services to citizens and those requesting special services and we always welcome feedback should you have any questions or concerns.

To complete the process of requesting special standby services from Caroline County Department of Fire-Rescue, please accurately complete the enclosed agreement and submit it to CCFR before applicable deadlines. You may return completed and signed agreements to:
