

EMS FUNCTIONS IN ICS COURSE

This 2-day, National Fire Academy, course will present students with a variety of multi-casualty scenarios. Through simulation & role-playing, students will demonstrate the use of EMS components in the ICS system at medium or large-sized multiple casualties incidents.

This course is recommended for EMS Officers & Supervisors, fire service company level officers & above, hospital Emergency Department staff, emergency managers & other ESF-8 personnel.

Students must have completed ICS-100 & ICS-200 before the start of class.

Seating is limited & registration is required!
