Caroline Fire Rescue is hosting an Emergency Vehicle Operator Course-level 1, 2 and 3. Successful completion of this course is required within SOP 104.02 Operation of Emergency Vehicles.

Students with less than 3 years of licensed driving history may participate in this training program under the strict supervision of insured instructors/officers. This should not be any student's first time behind the wheel of any apparatus as all students should have familiarity with operations prior to seeking certification.

Contact Fire Administration at 804-633-9831 for more information.

Students should register through: <https://july2014carolineevoc.eventbrite.com>
