

# CAROLINE COUNTY DEPARTMENT OF FIRE & RESCUE

## TRAINING ANNOUNCEMENT

# *Mayday Awareness*

**DATE** August 23, 2014 0800-1600

**WHERE** LADYSMITH VOLUNTEER FIRE COMPANY  
17401 JEFFERSON DAVIS HIGHWAY  
LADYSMITH, VA 22501

**SPONSERED BY** CAROLINE COUNTY FIRE RESCUE

The Mayday Awareness Program was recently released by the VDFP as part of the Mayday Firefighter Down Program update. The update has recommended that the program be broken up into three distinct levels: Awareness, Operations, & Technician. This program is the first of the three levels which will cover the topics of mayday situations, mayday parameters, mayday recognition, calling the mayday, and crew resources. The class will involve radio communication practical scenarios and a low impact mayday simulation where students will be communicating the mayday. This class is 6 hours in length and all students will need full PPE including SCBA. Note: the first hour will be used to cover incident scene accountability.

Instructors include: G. Dilworth, R. Abernathy and L. Grindstaff.

Class will be limited to 24 students.

Registration is required by visiting <http://maydayaug2014.eventbrite.com>
